JEFFRIES ARRIVES AND BEGINS HIS TRAINING

Johnson to Arrive Friday Morning and Will Train at Reno. Hester and Rickard Fail to Agree on Use of Arena and Hester May Build One of His Own

RENO, June 22.—James J. Jeffries arrived in this city this morning at 10 o'clock and was met by a large delegation of sporting men and press representatives here. All the newspaper men congregated in this city were at the train and the camera man did a rushing business. Jeffries went to the Golden Hotel after his arrival and afterwards spent considerable time at the Riverside.

This afternoon he went to his quarters at Moano Springs and spent a couple of hours doing road work over the highways of Washoe county. He stated that the high altitude had no effect upon him and he was feeling fine. He is more than pleased that the location for the big fight has been settled once and for all and is of the same opinion as Rickard that Nevada was the only logical place for the fight at any time in its history.

A telegram from San Francisco today stated that Jack Johnson would leave the coast on Thursday evening arriving here Friday morning. Training quarters for the colored pugilist have been secured at Rick's Place on Virginia street, just out of the city limits. Already a representative of the big smoke is fixing up the place for him and all will be in readiness to receive him upon his arrival.

No agreement has yet been made between Sid Hester and Rickard regarding the pulling off of the Langford-Ketchel fight on the morning of the 4th in the same arena as the championship fight will be held. Rickard is reported as saying that if he allowed the other fight to take

place in the morning that it would hurt his attraction.

Hester stated this afternoon that he intended to pull off his match on the morning of the 4th of July whether Rickard liked it or not. He has already made arrangements for the construction of an arena and a contractor will arrive from the coast this evening to figure on the plans. Hester says he will give Rickard another chance to talk business and if they cannot come to terms that he will go ahead with his arena and will hold his fight as scheduled. This afternoon it looks as if Reno might have two arenas in operation on the same day.

It is understood that Rickard will start work on the big arena on tomorrow if the material can be placed on the ground by that time. Hundreds of people are arriving on every train and already the hotels are packed to their full capacity. The question of providing quarters for the visitors is being taken up by the committee in charge of fight affairs here and will be accommodated if possible.

Representatives of the big eastern dailies are beginning to arrive and Reno is entertaining more news-gatherers at the present time than ever before in her history.

EAGAN RETURNS

Joe Eagan, who has been spending the past week with the fighters at the coast, returned to this city on the afternoon train.

H. P. GIFFORD ELECTED

Grand Master of The Odd Fellows of Nevada at Grand Lodge

At a meeting of the grand lodge of Odd Fellows of the State of Nevada held in Reno yesterday H. P. Gifford of Carson City was elected grand master; George McNeese of Reno was elected deputy grand master; John Dunbar of Fallon grand warden; Wm. Sutherland of Reno, grand secretary; C. Navacovich of Reno, grand treasurer; Chas. Keeler of Reno, grand representative; and D. G. Kitzmeyer, Andrew Maute and R. Kirman, grand trustees.

In the selection of Harry Gifford as grand master of the lodge of Odd Fellows of this state the honor of that office has fallen to a resident of this city for the first time. Mr. Gifford is well known here where he has lived the greater part of his life. For the past twenty years he has been employed by the Carson News, being one of the men employed when the paper first came into existence under the management of Ed Dupuis.

Mr. Gifford first joined the Odd Fellows in this city and has worked his way up to the office highest in the gift of his brethren of this state. The Appeal extends congratulations to Mr. Gifford in securing an office that has been his beckoning star for many years past.

Indians On The Warpath

ELY (Nev.), June 22.—Phillip M. Baker, a wealthy rancher of White Pine county, was attacked yesterday by a liquor-crazed band of Indians near Osceola and was only saved after a thrilling and spectacular rescue by fourteen armed cowboys who in a hand to hand engagement overpowered the inflated red men, disarming a number of them.

The balance were routed and others are in hiding in the hills. The Indians have secured a supply of liquor and are in an ugly mood. It is believed that they have cached a large supply of liquor and trouble is feared.

Mr. Baker was roughly treated while in the hands of the Indians, and the cowboys are armed and ready for trouble to break out at any moment.

Entire Change at Park Tonight

An entire change of program will be given at the Park Theater this evening in pictures, songs and vaudeville.

The pictures to be shown are: "He Joined the Frat," "Wild Duck Hunting," "The Livingstone Case," "The Multitons Elopement," and others. Illustrated song by Joe Patton, "Yankee Rose."

Another feature that will be presented at the Park tonight will be a sketch entitled the "Book Agent," by Hayes, Patton and Nagelsman.

The above sketch made a great hit last night. Don't fail to see it.

MRS. LANGAN ILL

Judge Langan arrived from the Comstock this morning and reports Mrs. Langan quite ill. The many friends of the Judge are hoping that the lady will rapidly recover from her illness.

ODDIE IS IN THE FIGHT

Announces His Candidacy For Governor and Will Fight to Defeat Massey

Tasker L. Oddie, one of the best known residents of this state, has announced himself a candidate for the republican nomination for governor at the direct primary election to be held the coming September. Mr. Oddie announces his candidacy through the columns of the Journal received today and his announcement follows:

Luckyday, Nev., June 18, 1910.
Editor Nevada State Journal, Reno, Nevada.

Dear Sir: Pursuant to your recent request that I should notify you upon my reaching a final and definite decision regarding my candidacy for the governorship, I wish to say that I shall be a candidate for the republican nomination for that office at the primary election to be held September 6th next.

Respectfully yours,

T. L. ODDIE.

The announcement means that Mr. Oddie has joined the insurgent ranks of the republican party and will make a fight at the polls to secure the nomination against W. A. Massey, the machine nominee of the republican party.

Under the primary law Oddie will make a formidable opponent to Judge Massey owing to the popularity of the former in all parts of the state where he has been prominently associated with mining interests.

It is now understood that the insurgent republicans of the state will place a full ticket in the field at the coming election. Senator H. V. Morehouse of Goldfield has already announced his candidacy for the republican nomination for United States senator against George S. Nixon and with Oddie now in the field two of the leading candidates at the coming election have sided their castor into the ring in an effort to defeat the republican machine which has handled republican affairs in this state for the past quarter of a century.

These announcements mean that there will be more dissension in the ranks of the G. O. P. than ever before in the history of the party in this state.

Horses Are Being Poisoned

GOLDFIELD (Nev.), June 22.—A number of Goldfield residents and prospectors on the desert are looking for a certain individual who in an attempt to capture wild horses for the California horse market is endangering the lives of not only all animals in the southern country but also of prospectors on the desert. He placed a large tub or trough of water near a corral and into this poured a narcotic. Wild horses drank the water and became razed, so that he was enabled to catch them. In this way he was successful for a few nights and caught quite a number. Next time he put in too much of the narcotic and killed a number of horses and some domestic stock was killed. The inhabitants warned him not to continue the practice. He refused to obey them and went to another place to carry out his scheme for catching horses.

FITZSIMMONS COMING

HONOLULU, June 22.—Tommy Burns and Bill Lang of Australia, and Bob Fitzsimmons, arrived here Tuesday en route to Reno to witness the Jeffries-Johnson contest on July 4th. In discussing the coming battle Fitzsimmons predicted that Johnson would turn clown in the ring the first time that Jeff lands on him.

Don't wait. Do it now. Order your carnival outfit of clothes of Will Day. No matter how light your pocket book, Will can fit you out.

ONE DAY IS ADDED TO THE DATES FOR THE CARNIVAL

Last evening the carnival committee met with a number of business men at headquarters and the matter of holding the carnival was taken up. It was the unanimous opinion of all that the date of the carnival be advanced to the 2d day of July which will be the opening day. This decision means that the carnival will be run on the 2d, 3d, 4th and 5th of July and it may be that the aviation meet may be continued to the 6th of the month.

The committee in charge of the carnival program met last evening and outlined this feature which is all important from an advertising point of view. The program is not yet completed but when finished will show the people of this state that Carson City is going to give their guests one of the best times of their lives. The city is the finest located in the state for holding a celebration of the kind that is planned by the committee and that it will be a success is assured.

In speaking of the carnival the Reno Gazette of last night stated that the outlook for the success of the carnival in this city was brighter than at any time owing to the great number of strangers that will be in that city to attend the fight.

At the meeting last night an appropriation was made for the lighting of the streets and the bid will be let to a Reno firm who already has the wiring needed for the street streamers.

Work on this feature will be commenced immediately and will be finished several days previous to the opening of the carnival. Work on the decoration of the capitol park is being rushed ahead by the contractors. The wiring of the dome has already been completed.

All of the committee are working to make their part of the program a success and the outlook for the carnival is brighter at the present time than ever before.

Benefit at Opera Will Test The House To-Night Prizefight Law

Everything is in readiness for the presentation of "A Scrap of Paper" at the Opera House this evening for the benefit of the King's Daughters. The members of the cast, who are the same as presented the play at the high school auditorium on last Friday evening, held their last rehearsal last evening and Mr. E. D. Vanderleith, under whose direction the play will be given, is more than pleased at the manner in which each one of the young actors went through his part.

The sale of seats looks promising for a very large crowd when the curtain raises on the first act of the play and it is to be hoped that the house will be crowded as the receipts of the performance will go to the King's Daughters to be used for charity. The funds of this worthy organization are running low at the present time and the offer of the members of the high school to present the play for their benefit came at an opportune time.

Those who witnessed the play in the high school auditorium will be on hand tonight as the large attendance on that occasion pronounced the play one of the best given by amateurs seen in this city in a long time.

ROOTS, HERBS AND BARKS

You can no doubt recall the collection of roots, herbs and barks your grandmother made every fall for the family medicine chest.

It is interesting to note that the most successful remedy for female ills had its origin more than thirty years ago in one of these home medicine chests, and Lydia E. Pinkham's Vegetable Compound is made today in immense quantities from those same roots and herbs with extreme accuracy, care and cleanliness.

King's Daughter's benefit at the Opera House Wednesday night.

ELY (Nev.), June 22.—Through the arrest of R. C. Duschand, formerly of Reno, but now of the Novelty Theater of this place, a test of the Nevada prize fight law will be inaugurated which may result in legalizing contests in the padded arena without the necessity of paying the license fee of \$1,000 now enacted under the law.

R. C. Duschand was arrested yesterday morning for allowing a six-round contest to take place in his theater. The exhibition was witnessed by a packed house which showed their appreciation of the efforts of the fighters to land a knockout blow.

Duschand refused to pay a license claiming that it was physical culture exhibition and his hearing has been set for tomorrow.

The validity of the law is to be tested and if held to be unconstitutional will result in knocking out the \$1,000 license fee and will make the fight to be held between Jeffries and Johnson in Reno on the afternoon of the 4th of July legal without the payment of a fee.

The outcome of the hearing will be awaited with great interest.

BOOSTS FOR CARSON

The Ely Expositor is editorially boosting for the Carson City carnival. The mining town has given up the idea of holding a celebration and believes that all who can should travel to this city to help celebrate the nation's birthday.

MOREHOUSE RETURNS

Senator H. V. Morehouse who has been spending the past couple of days in this city, has returned to his home in Goldfield.

LONGEST DAYS

Yesterday and today are the longest days of the year, the sun having attained the highest northern altitude at midnight last night.

The Strong Pull

We have with the public is due entirely to the character and real high values of our goods. Also the courteous and fair treatment that is rendered to every person that comes in our store.
